

Brightmoor What do YOU think?

The Brightmoor Alliance is rocking a project to collect the wisdom of our community, build a common vision from that wisdom and then a movement to make it happen.

Starts with YOU.

Too often others decide what we need, offer a little bit of money (little bit compared to what it would cost to really fix things) and then they walk away feeling good and we continue to wrestle with the challenges.

Not this time.

It's our turn to decide what is needed, our turn to calculate the cost and then to shop our community development product, raising the funds and investing the sweat and effort to make it happen.

I'm not saying we will win but we will certainly lose if we don't "be bout that grind". Making it happen.

We are not going to spend forever talking about it, either. We don't have to, because we are not starting from nothing. We are standing on the shoulders of our community partners who created the [Restore the Moor Report](#). They have given us a boost. Now let's level up.

I am asking you to join us. You know how we do, and if we don't, it won't. Let's go!

Visit <https://www.brightmooralliance.org/signup> to sign up or complete the the small form and we will get in touch with you.

Rev. Larry L. Simmons Sr.
